

# ENFANTS SAUVAGES

2026 FLORAL PRICING GUIDE

Photo Juno Photography - Fleurs Enfants Sauvages

*We are a flower farm and wedding florist specializing in thoughtfully designed floral experiences.*

*What makes us different?*

*We are both an ecologically minded flower farm, growing without pesticides or synthetic fertilizers, and a wedding florist specializing in refined floral design. Our pricing is aligned with that of other established floral studios. What sets us apart is the consistency of our work and the experience we deliver from beginning to end. We are known for creating floral designs of exceptional beauty with a process that is equally polished behind the scenes: clear planning, carefully selected blooms, meticulous preparation and conditioning, professional installation, and a calm, solutions-oriented team should the unexpected arise. This commitment to excellence is reflected in the trust our clients place in us, and in the reviews they so generously share.*

## *Why locally grown flowers are worth choosing over imported blooms*

***Exclusivity:** distinctive, seasonal blooms rather than standardized wholesale flowers for a truly elevated and high-end result.*

***Freshness & Longevity:** locally grown cut flowers are fresher and longer-lasting, as they travel a much shorter distance before arriving on your wedding day.*

***Supporting the Local Economy:** choosing locally grown flowers supports Québec farmers and local communities, helping foster a more sustainable and resilient economy.*

***A Lower Carbon Footprint:** selecting local flowers helps reduce your environmental impact by limiting the distance they travel.*

## *The Enfants Sauvages Process for a Seamless Wedding Day*

- 1- **Preliminary Video Consultation:** this initial meeting allows us to discuss the atmosphere you wish to create for your wedding and to define your floral budget.*
- 2- **Mood Board & Contract:** following our first meeting, we will promptly send you a personalized inspiration board along with your contract.*
- 3- **Booking Confirmation:** your date will be officially reserved once the deposit has been received.*
- 4- **Final Consultation:** two months before your wedding, we will invite you to a final meeting to review and update your contract. Our professionalism is reflected in our attention to detail, and we will ensure that every essential element is confirmed for a flawless installation.*

*With Enfants Sauvages, you benefit from a full-service experience defined by professionalism and excellence at every stage of your event.*
